

## *Who we are*

Good Partners Senior Care is a locally owned provider of homecare and community based services. We offer unique person centred support which is affordable, flexible and tailored. Our specially trained staff encourage clients to carry out their daily tasks to the best of their abilities and support them in doing so rather than taking over. This helps maintain independence and preserve dignity.

Our services include anything from domestic and personal support through to complex care.

We are passionate about our work and adore our clients. You hear it in our conversation and see it in the simple things we do every day. Our staff are compassionate, trained and our greatest asset.

We try to ensure the clients see the same staff regularly allowing familiarity and trust to build.

We are open 24 hours a day, 7 days a week.

"It is the good old fashioned service"

## *What people say about us*

Good Partners have cared for my elderly mother for years. I have been impressed by their professional conduct and the extra mile the staff goes. I cannot but recommend this organisation highly.

- LA

Lyn is now part of the family. Because of her we can stay in our own home. We always look forward to her visits.

# Live well at home

Remaining in the comfort and familiarity of their home is the wish of most seniors when they require additional support. Home is the best place to recover from an illness or injury, manage chronic conditions and live out final days. There is simply no place like home.

Maintaining one's independence and dignity is vital for sustaining health and happiness. Good Partners will support you to live independently, healthily, and safely at home.

You can carry on living as you choose, keep in touch with family and friends, eat what you like, sleep when you want to and live life to the fullest.

We will visit you and your family for a no obligation free assessment. A bespoke short or long term support package is built around you and your family, at a time that works for you and with a small team of experienced carers.

Your support is managed by a registered health professional to ensure all your needs are met. Our service is affordable and available from a few hours to 24 hours.

Our services are responsive and as your needs change our level of care is adjusted to ensure you receive the support you need. No two days are the same.

Enjoy life to the fullest by staying safe, independent and happy at home.

## We Provide

Our services are tailored to meet each individual's requirements, these are just some of the ways we can help:

- Arranging the home environment to ensure personal safety
- Personal care and support
